Why use Manage My Health portal?

Manage My Health is a secure online health portal that extends the capabilities of your practice and transforms patient engagement. It provides the most comprehensive features that take care of manual tasks to reduce costs and improve cash flow so you can focus more on your practice and patients.

Trusted by over 1.5 million Kiwis and used by most health centres, it is the only portal that is seamlessly integrated with the Medtech PMS that allows you to monitor and stay connected with your patients more effectively, anytime, anywhere.

Book appointments

Save time by easily booking appointments (In-person, phone or video) online with your healthcare provider

Make payments online

Make payments for video and phone consultations, appointments, and repeat prescriptions in real time

Lab test results

View your lab test results as soon as your doctor receives them, directly through your personal health platform

Repeat prescriptions

Never miss your medication requirements again, order your repeat prescriptions directly through the portal

Access your health records

See all your recent medical conditions, immunisation records, allergies, and prescriptions at a glance

Video and phone consultations

Easily connect with healthcare professionals using our high-quality virtual consultation software.

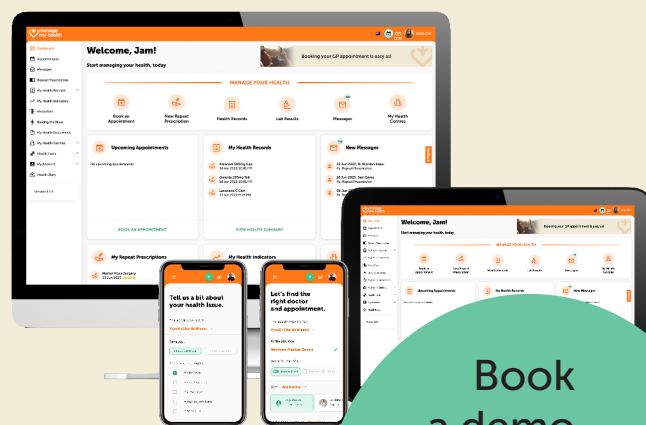

And many more ...

What our customers are saying

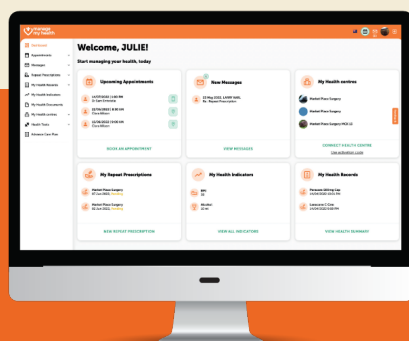

Sarah-Lee Lacy

Medical Centre Manager, The Doctors Tauranga

"Manage My Health has helped our patients access services and results with ease. Having this service available has cut down the number of phone calls our receptionists and nurses have to process. For new staff, the team at Manage My Health gives great training and will always answer any questions."
